The Expert Online Holder Reporting Website eliminates the manual effort of loading reports into UPS200.

The Expert Online Holder Reporting Website allows the State to offer holders an online, self-service capability to report their unclaimed property including both report delivery and ACH payment.

The holder can complete the entire transaction online and will receive a confirmation that the transaction is complete. The website allows holders to register, upload positive and negative reports, submit ACH payments and check the status of their report.

For the State, this solution validates the holder's files to ensure that the file and holder report are in proper form in order to be systematically loaded to the core system. If the holder's report does not pass the validation, the holder will receive an error on the website and can download the details of the errors so they can correct the file and resubmit the report to the State. This website will eliminate the manual work required by the State's staff to load holder reports, making report data immediately available and to balance with remittances in order for claimants to search and file a claim and provide holders self-service capability and an overall improved website experience. This site can provide real-time interaction with the core Expert UPS to provide pertinent information to the user and to update the database with uploaded file information. If the State does not want the website to update the UPS2000 production database real time the process can be done in batch files. The site will provide functionality for verifying that uploaded files are in approved NAUPA format and perform validation routines currently completed in Report Import as this new site replaces Report Import completely.

Sample screens from the Expert Holder Reporting Website follow:

Register page for Expert Holder Reporting Website allows a user to register with the state to use the site to report unclaimed property.

Holder Reporting

User will be presented with the option of uploading a report on the left side of the screen which primarily would be used for positive reports or creating a negative report to the right.

The screenshot shows the top navigation bar with 'Holder Reporting' and 'Reports-' on the left, and a user profile 'janet.dagostino@xerox.com' and 'Log off' on the right. Below the navigation bar are two side-by-side panels. The left panel, titled 'Upload Naupa File', contains a 'Select File' button and a light blue box with 'File Name:' and 'Size:' labels. The right panel, titled 'Start negative report', contains a text area for 'Reporting Year*' (with a hint 'Enter year between 1985 - 2022'), two currency input fields for 'Assets*' and 'Sales*', and two integer input fields for 'Insurance Policies Written*' and 'Number of Employees*'. A 'Create Negative Report' button is at the bottom right of the right panel. The word 'Or' is centered between the two panels. At the bottom left, there is a copyright notice '© Xerox 2015'.

To create a negative report the user would enter the information in the fields provided and select “Create negative report”.

This screenshot is similar to the previous one but shows the 'Start negative report' form filled with data. The 'Reporting Year*' field contains '2014'. The 'Assets*' field contains '\$ 100'. The 'Sales*' field contains '\$ 10' with a clear 'x' button. The 'Insurance Policies Written*' field contains '0'. The 'Number of Employees*' field contains '2'. The 'Create Negative Report' button is still present at the bottom right. The 'Or' text is centered between the panels. The copyright notice '© Xerox 2015' is at the bottom left.

The system will check the production database to determine if the holder already exists in the system. If it does the holder information would be used for this filing. If the holder does not exist on the database, a warning will be presented to the user informing them they are filing a negative report where the information is not on file. If a holder is filing a report for the first time and it's a negative report,

Holder Reporting

the error indicates that the State has no records in its database for this holder and it will need to be created.

Holder Reporting Reports - janet.dagostino@xerox.com Log off

Search for a Holder

Enter at least 2 of the following search options

Holder Name <input type="text" value="test holder"/>	Warning! No matching holders were found. If the holder should already exist please change the criteria and search again. Otherwise, you can create a new holder. Create new Holder
Tax ID <input type="text" value="120120120"/>	
Amount Reported Last Year <input type="text" value="\$"/>	
Holder ID Number <input type="text"/>	
<input type="button" value="Search"/>	

© Xerox 2015

To create a new holder that is not in the database for negative report filing the user will complete the fields presented.

Holder Reporting

To submit a positive report the user will select a file to upload.

The screenshot shows the 'Holder Reporting' interface. At the top, there is a dark blue header with 'Holder Reporting' on the left, 'Reports' in the center, and a user profile 'janet.dagostino@xerox.com' with a 'Log off' link on the right. Below the header is a light gray box titled 'Upload Naupa File'. Inside this box, there is a text instruction: 'Select your Naupa file from your computer (.hde encrypted or plain text naupa file) and upload it to begin'. Below the instruction is a 'Select File' button. A light blue box displays the file details: 'File Name: Test demo file 1.txt' and 'Size: 9.5 kB'. To the right of these details is an 'Upload' button.

The website will validate the file when it is uploaded and present the user with an error if there are any.

The screenshot shows the 'Xerox Department of Treasury Unclaimed Property' interface. The header is dark blue with the Xerox logo on the left, 'Xerox Department of Treasury' and 'Unclaimed Property' in the center, and 'State Holder Reporting' on the right. Below the header is a dark blue navigation bar with 'Your Users' and 'Reports' dropdown menus, and a user profile 'janet.dagostino@xerox.com' with a 'Log off' link. Below the navigation bar is a light gray box titled 'Upload Naupa File'. Inside this box, there is a text instruction: 'Select your Naupa file from your computer (.hde encrypted or plain text naupa file) and upload it to begin'. Below the instruction is a 'Select File' button. A light blue box displays the file details: 'File Name: Test demo file 1.txt' and 'Size: 9.5 kB'. To the right of these details is an 'Upload' button. To the right of the 'Upload Naupa File' box is a light gray box with a pink background containing an error message: 'Your file has errors and has been rejected. Please select the button "Download Errors" to obtain a report of your errors. Once you have corrected your report please resubmit.' Below the error message is a 'Download Errors' button.

A summary of the report will be provided if the file does not have any errors with the ability to submit the file to the state.
